COMMISSIONERS PONDER CHANGES AT COUNTY HOME

The Adams county commissioners Thursday continued their study of what to do about the "annex" or former insane asylum at the county home.

Following a conference with officials from the state department of welfare, the county's architect, and a study of the records at the county home, the commissioners were undecided whether to set aside plans to convert a portion of the annex into an infirmary and build additional rooms for guests at the county home, and build an infirmary later.

At the present time all rooms in the other buildings are filled, and guests are residing in all but two of the rooms in the former asylum.

Decide In Six Weeks

Final decision will be reached in about a month or six weeks after conferring with officials of the department of labor and industry on regulations that must be met in building structures for county homes.

Calvin Hunter, architect from the state department of welfare, agreed with the commissioners at Thursday's meeting that the present "annex" building "is better construction than you can get today," as far as the outer walls, roofs, etc., are concerned.

Hunter and Margaret S. Cramer, consultant from the state department of welfare joined with Commissioners Clark L. Fetters, G. Ed Taubman and Karl J. Smith, Commissioner's Clerk Clarence Smith and Architect Alfred Hamme for Thursday's session.

Miami Jeweler Pays \$15,200 In Phony Kidnaping Of Son

Miami, Fla., April 18 (AP)—A wealthy Miami jeweler paid \$15,200 "ransom" for return of his six-year-old son yesterday in what police called a phony kidnaping.

Daniel Richter was duped into paying \$15,000 in jewels and \$200 cash in what police said was "one of the cleverest and most perfectly timed" extortions in memory.

The boy, Richard, was never actually kidnaped, police said, although Richter was convinced he was buying his son's safe return.

While police and the FBI marshaled forces to meet what they thought was a genuine kidnaping, the child was riding in a taxicab from a private school at Miami Beach to Doctor's hospital in Coral Gables, a distance of about 12 miles.

Police said the plotters used the school, the taxi company and the hospital as unwitting dupes in their shakedown.

As police reconstructed the crime, it happened this way:

A man who said he was "Dr. Henderson" called the Yellow Cab Co., at Miami Beach and asked them to pick up Ricky Richter at Coburn school and drive him to the hospital, purportedly to be with his "gravely ill" mother.

Almost simultaneously, a woman's voice called the school authorities and said a taxi would arrive soon to pick up the boy.

REV. W. R. DOYLE, VICAR OF LOCAL CHURCH, RESIGNS

The Rev. Willis R. Doyle, vicar of the Prince of Peace Episcopal church, announced his resignation at a special meeting of the vestry of the church Thursday night, the resignation to take effect in about a month, when Rev. Doyle will leave Gettysburg for pastorate at either Dallas, Tex., or Albany, N. Y.

Rev. Doyle said he expects to assume either the vicarship of St. Francis church, Dallas, or St. Stephen's church, Elsmere, Albany. The final decision has not been reached.

The members of the vestry were told that Bishop Heistand will fill the vacancy almost immediately, and there will be no break in continuity of services. Rev. Doyle's successor will probably be in charge of the new work in Hanover as well as Gettysburg, but will reside in Gettysburg.

Inspections of "spotter" stations at Cashtown, Fairfield, Littlestown, Biglerville and Gettysburg were scheduled during the day today and the meeting at the fire engine house tonight.

DEFERMENT FOR FARM WORK IS STANDARDIZED

In order to help agriculture meet its quota in food production, Col. Henry Gross, state director of Selective Service, has asked the local draft board and others in Pennsylvania to keep a close check on farm deferments.

"Many farms are purely subsistence farms, and produce only sufficient to maintain the farm family," Col. Gross pointed out in a statement designed to clarify farm deferments.

"Many others are producing below what is considered necessary for the health, safety or interest of the nation," Pennsylvania Selective Service has accepted as fair, a formula suggested by the Production and Marketing Administration.

Set Up Standard

This formula uses as an example a farm producing for market 20 points. This farm will feed a family of four, plus 44 service men. Based on this formula the state Selective Service has furnished local boards with a "guide" standard for farm deferments.

State Selective Service said that "Many of our farms fall short of this standard we have set and, therefore, do not rate agricultural deferments. Some of the farmers on these sub-standard farms have accused Selective Service local boards of favoring large commercial farms over these family farms, and of deliberately destroying the family or low producing farms. However, these same farmers continue to maintain a sub-standard operation. Thus they defeat themselves, because they won't make the extra effort to raise their production."

Increase Production

"The Department of Agriculture is now calling for increased production in many farm commodities. Selective Service is of the opinion that a great quantity of this needed produce can be obtained by increasing the efficiency of the sub-standard farm."

Local boards were asked to impress upon a farmer whose production is sub-standard that his operation must have increased when his case is re-opened or he will not again be deferred.

Selective Service also stressed that it will be of mutual advantage to the farmer and the local board if a registrant or his employer exercise his right of appeal within the time limit set by law. "If no action is taken by the registrant or employer until after registrant has been ordered for induction, he has little chance of having his induction postponed," headquarters said.

COMMUNION SERVICE SUNDAY

The Woman's auxiliary of the Prince of Peace Episcopal church will hold its spring Corporate Communion Sunday morning at 7:30 o'clock, with the Rev. Willis R. Doyle, vicar, as celebrant. The united thank offering will be received at this service. Women are asked to place their offerings in envelopes marked with their names and place the envelopes on the offering plates.

Mrs. Philip Noble, chairman of the nominating committee, will present the following officers for installation by Rev. Doyle: President, Mrs. Guyon E. Buehler; vice president, Mrs. A. Alan Hughes; treasurer, Mrs. Conway Williams; recording secretary, Mrs. Samuel Miller; corresponding secretary, Mrs. Roy Hammond.

Following the service a committee of the men of the church will serve breakfast in the parish house. All women members of the church are invited to participate in the Communion, whether members of the auxiliary or not, and if they wish to breakfast with the group should make reservations with Mrs. Buehler.

The arch deaconry meeting of the diocese will be held at Chambersburg April 24, opening with a Communion at 9:30 a.m., at which time the checks for the spring thank offering from the auxiliaries will be presented.

CHAMBER URGES HEAVY VOTE IN ADAMS COUNTY

Registered voters of Adams county have an opportunity and duty, next Tuesday to go to the polls to help Pennsylvania improve its presidential year voting record over 1948, the Gettysburg Chamber of Commerce pointed out today, in urging voters to exercise their franchise.

"Both the primary and the general election turnouts this year must be increased markedly if Adams county and Pennsylvania are to reverse their recent downward trend in election participation," the chamber said.

The number of voters registered and eligible to vote in Adams county next Tuesday is 15,784, compared to 17,921 in last fall's general election; a decrease of 1,137. The next registration period will be from April 28 to September 13.

Voters Have Challenge

Of the 17,865 registered in Adams county to vote in the 1948 presidential general election, only 13,569 actually went to the polls. This compares with 12,861 who voted in the gubernatorial election in 1950.

"The voters of Adams county have a special challenge to participate in the primary election next week," the chamber declared. "The candidates whose names will appear on the ballot for state and congressional offices next November 4 will be determined on April 22. In addition, voters will have a chance to indicate the persons they favor for their party's presidential nomination."

Firemen Doing Work

The company is planning to erect its own building, paying those members who work full-time for their labor. Work such as that scheduled for tonight, when the whole company is asked to turn out with shovels, will be donated by the members of the company. Tonight the firemen plan to clean out ditches dug for the foundation so concrete can be poured and they hope to dig ditches for utility connections.

The company purchased the property for the new engine house early this year from William Blocher.

While the company has never before owned a fire house it has owned a community center for a number of years, using the center for activities, but paying rent to the Odd Fellows for storage of the fire equipment. With construction of the new fire engine house the firemen plan to continue use of their fire hall community center for meetings and similar activities.

No facilities for dinners or meetings will be included at the fire engine house. The new fire house is being made large enough to hold a second fire engine in the event the company can purchase another engine in the future.

The Rev. Willis R. Doyle, vicar of the Prince of Peace Episcopal church, announced his resignation at a special meeting of the vestry of the church Thursday night, the resignation to take effect in about a month, when Rev. Doyle will leave Gettysburg for pastorate at either Dallas, Tex., or Albany, N. Y.

The Rt. Rev. J. T. Heistand, bishop of Harrisburg, has agreed to accept the resignation. In addition to being vicar of the Gettysburg church, Rev. Doyle was also vicar of All Saints, Hanover, and custodian of Christ church chapel, York Springs.

DEFERMENT FOR FARM WORK IS STANDARDIZED

In order to help agriculture meet its quota in food production, Col. Henry Gross, state director of Selective Service, has asked the local draft board and others in Pennsylvania to keep a close check on farm deferments.

"Many farms are purely subsistence farms, and produce only sufficient to maintain the farm family," Col. Gross pointed out in a statement designed to clarify farm deferments.

"Many others are producing below what is considered necessary for the health, safety or interest of the nation," Pennsylvania Selective Service has accepted as fair, a formula suggested by the Production and Marketing administration.

Set Up Standard

This formula uses as an example a farm producing for market 20 points. This farm will feed a family of four, plus 44 service men. Based on this formula the state Selective Service has furnished local boards with a "guide" standard for farm deferments.

State Selective Service said that "Many of our farms fall short of this standard we have set and, therefore, do not rate agricultural deferments. Some of the farmers on these sub-standard farms have accused Selective Service local boards of favoring large commercial farms over these family farms, and of deliberately destroying the family or low producing farms. However, these same farmers continue to maintain a sub-standard operation. Thus they defeat themselves, because they won't make the extra effort to raise their production."

Increase Production

"The Department of Agriculture is now calling for increased production in many farm commodities. Selective Service is of the opinion that a great quantity of this needed produce can be obtained by increasing the efficiency of the sub-standard farm."

Local boards were asked to impress upon a farmer whose production is sub-standard that his operation must have increased when his case is re-opened or he will not again be deferred.

Selective Service also stressed that it will be of mutual advantage to the farmer and the local board if a registrant or his employer exercise his right of appeal within the time limit set by law. "If no action is taken by the registrant or employer until after registrant has been ordered for induction, he has little chance of having his induction postponed," headquarters said.

Dr. Wm. F. Quillian, Jr. Elected College Prexy

Dr. William F. Quillian, Jr., who formerly served as head of the philosophy department at Gettysburg college, has been named as the new president of Randolph-Macon College for Women at Lynchburg, Va.

CHAMBER URGES HEAVY VOTE IN ADAMS COUNTY

Registered voters of Adams county have an opportunity and duty next Tuesday to go to the polls to help Pennsylvania improve its presidential year voting record over 1948. The Gettysburg Chamber of Commerce pointed out today, in urging voters to exercise their franchise.

"Both the primary and the general election turnouts this year must be increased markedly if Adams county and Pennsylvania are to reverse their recent downward trend in election participation," the chamber said.

The number of voters registered and eligible to vote in Adams county next Tuesday is 16,784, compared to 17,921 in last fall's general election, a decrease of 1,137. The next registration period will be from April 28 to September 13.

Voters Have Challenge

Of the 17,865 registered in Adams county to vote in the 1948 presidential general election, only 13,509 actually went to the polls. This compares with 12,861 who voted in the gubernatorial election in 1950.

"The voters of Adams county have a special challenge to participate in the primary election next week," the chamber declared. "The candidates whose names will appear on the ballot for state and congressional offices next November 4 will be determined on April 22. In addition, voters will have a chance to indicate the persons they favor for their party's presidential nomination."

BULLETINS

Omaha, Neb., April 18 (P)—The mad Missouri threw its worst at Omaha and Council Bluffs today with an army of workers still winning the battle to hold the great river in its strait-jacket of dikes.

The river crest — stretch of maximum of water flow — was so long and so subject to fluctuations that it couldn't be pinpointed but river forecasters said the rampaging river is at cresting stage and will continue to crest all day.

Rahway, N. J., April 18 (P)—A rebellion of more than 200 convicts raged at Rahway State Prison farm today in sympathy with a four-day mutiny at Trenton State Prison 40 miles away.

Los Angeles, April 18 (P)—A non-scheduled C-46 airplane with 28 persons reported aboard was reported missing in Southern California today. March Air Force base at Riverside said the plane was en route from Phoenix, Ariz., to Los Angeles. Staff Officers Will Resume Off-The Record Talks On How To Exchange Prisoners Of War

Seoul, April 18 (P)—Communist MIG jets streaked south from their Manchurian bases today and tangled with U.S. Sabre jets in six battles high over North Korea.

The U.S. Fifth Air Force said one Red jet was shot down and three were damaged.

Allied losses, if any, are reported weekly.

One MIG was shot down and two were damaged in one of five morning battles which matched a total of 70 Sabres against 58 Russian-type MIGs.

The third MIG was damaged in an afternoon dogfight involving 50 Sabres and about 60 MIGs.

Fifth Air Force fighter-bombers, hampered all week by bad weather, were attacking enemy rail facilities five miles north of Kwakson, about 45 miles from the Manchurian border, when five flights of MIGs appeared.

On the ground, Communist patrols continued to feel out United Nations defenses. They concentrated on the western and central fronts.

ACCUSE TWO OF "SHORT CUTS" IN LINCOLN SQUARE

Two motorists charged by borough police with taking "short cuts" around Lincoln Square will receive ten-day notices to appear before Justice of the Peace Robert P. Snyder.

They are Sara Larson, Buford avenue, and Wayne V. Taylor, Flora Dale.

Borough police said that Miss Larson was driving north on Baltimore street, and instead of driving right around the center plot, drove to the left of the circle to Chambersburg street.

Taylor is charged with backing from a parking space in the southwest segment of the square and going the wrong way around to Carlisle street.

Others Are Charged

A ten-day notice has also been sent by Squire Snyder to Harold E. Mutchler, Easton, Pa., on a charge of reckless driving, filed by borough police.

Firemen Doing Work

The company is planning to erect its own building, paying those members who work full-time for their labor. Work such as that scheduled for tonight, when the whole company is asked to turn out with shovels, will be donated by the members of the company. Tonight the firemen plan to clean out ditches dug for the foundation so concrete can be poured and they hope to dig ditches for utility connections.

The company purchased the property for the new engine house early this year from William Blocher.

While the company has never before owned a fire house it has owned a community center for a number of years, using the center for activities, but paying rent to the Odd Fellows for storage of the fire equipment. With construction of the new fire engine house the firemen plan to continue use of their fire hall community center for meetings and similar activities.

No facilities for dinners or meetings will be included at the fire engine house. The new fire house is being made large enough to hold a second fire engine in the event the company can purchase another engine in the future.

SHEELY SPEAKS SUNDAY

Judge W. C. Sheely will speak on "The Trial of Jesus" Sunday morning at 10 o'clock at the Church of the Brethren Sunday school to be held at the church on South Stratton street.

Munsan, April 18 (P)—Allied and Communist staff officers, after a two-week recess, tomorrow re-open off-the-record talks on how to exchange prisoners of the Korean war.

There was no indication whether a break was imminent in the long deadlock over the Allied demand for voluntary repatriation.

Some observers, however, indicated a compromise formula was in the works. Both sides were believed to have spent the past two weeks overhauling prisoner rosters and bringing them up to date.

The U.N. command said it was ready for another try to break the deadlock. The Communists had pressed twice for speedy resumption of the secret talks.

The staff officers will meet at 11 a.m. (9 p.m. EST Friday). The negotiations were recessed April 4 to allow both sides to explore possible new solutions.

8-Minute Sessions

The agreement to resume prisoner exchange talks came during a short "no progress" session of the subcommittee on truce supervision.

The meeting lasted eight minutes and 25 seconds—more than the total of the previous seven

PRAISED FOR OIL PAINTINGS

Mrs. Romaine Oyler, York, formerly of Gettysburg, recently won considerable commendation in the art column of a York newspaper for her oil paintings. Her oil painting of Florida's "Singing Tower" was called a "masterpiece."

Mrs. Oyler is a native of Hanover, but resided in Gettysburg before going to York five years ago to manage the Virginia Myers dress shop in West York.

She undertook oil painting without instructions after receiving an oil set two Christmases ago from her daughter, Barbara, although she has been "dabbling with paints" since she was a child. To date she has done only copies from prints, saving them from picture books and magazines.

It took four weeks to complete "Singing Tower," which she has promised to a younger daughter, Jane, of Gettysburg.

STEELS STEADY

New York, April 18 (AP) — Railroads made fair progress today in the stock market, but the rest of the list was neglected. Prices spread out over a range of around 2 points either way with a slight edge given to those on the higher side. Steels held steady in the face of uncertainties surrounding a solution of the wage-price impasse in the industry. U.S. Steel traded unchanged for the most part while other leading steel issues moved small fractions either way.

BROWNS MAKE IT THREE STRAIGHT OVER DETROITERS

By JACK HAND

"There's only one place to finish and that's first."

Rogers Hornsby made this sage statement before the season opened. It was a statement that the Browns, who are now leading the American League, are making good on. The Browns, who are now leading the American League, are making good on. The Browns, who are now leading the American League, are making good on.

Let Cleveland and Brooklyn, the season favorites, terrify the position with 17-hit binges. The unky little Browns make five to do the same work.

Hard On Newhouse
First Ned Garver. Then Tommy Byrne. And now Bob Cain, going on route against Detroit for a club at got only one complete game in three last season.

Cain, acquired from Detroit in a vein-man deal during spring training, rubbed it in yesterday by nipping his old Tiger mates, 3-1, handing Bob allowed nine hits at most of them were harmless.

That new Brownie lineup, with only one third of the 51 personnel on the roster, ruined Hal Newhouse's bright comeback hopes. Cleveland wasted many of its 17 in running over Chicago for a third straight triumph, 5-3. Despite the heavy barrage that included a 425-foot homer by Luke Easter, in the fifth, the Tribe gave like Garcia only a one-run lead going to the ninth.

Shantz Beats Yanks
Bobby Shantz, smallest pitcher in the league, beat the world champion New York Yankees with his 47 arm and bat to give Philadelphia a 3-1 decision over Eddie Lohr. The five-foot-six pitcher scattered nine hits and gave his team a lead with a single in the fourth, breaking a 1-1 tie.

The Boston "rookie" Sox turned in a heat on Washington for a 9-2 romp with freshman Faye Thronberry hitting a bases-loaded home run off Bob Johnson in the six-run ninth.

Brooklyn continued to pound the all as though Manager Chuck Dressen expected to open up his 14 game lead by Decoration Day. Three wins at Boston, the Dodgers hammered 48 hits for a team batting average of .378. Yesterday Brooklyn won, 8-2.

Sports Roundup

By GAYLE TALBOT

New York, April 18 (AP)—In case it passed unnoticed, a baseball season has just opened without the game's new commissioner, Ford C. Frick, getting his picture in the papers or even threatening to have some owner investigated by his private police force.

As his lone concession to the majesty of the occasion, Frick promised to appear at Yankee Stadium today and present Casey Stengel's champions with their class rings. After that he intends to return to his desk and continue to conduct baseball's manifold affairs. It is his naive belief that this was what the owners hired him to do.

One of the finest things television has done, perhaps, is to make it possible for untold thousands of persons who never in their lives sat at a boxing match to watch such a truly magnificent athlete as Ray Robinson in action. We honestly believe this, though some undoubtedly will vote for grand opera and others will stand up for the animated beer commercials.

Clem McCarthy, the gravel-voiced announcer whose voice must be familiar to every racing fan in the land, is to be honored with a \$15 per plate dinner at Toots Shors next Tuesday night.

Clem was the first announcer to broadcast the Kentucky Derby. That was in 1928, the year Reigh Count won in a record field of 22. After that baptism, nothing has ever fazed him. Clem says the greatest horse he ever saw was Man O'War, and his next two choices are Citation and Count Fleet.

The principal business of the Professional Golfers association meeting Monday at Detroit will be to rehire Freddie Corcoran as public relations expert to try to stem the flow of bad publicity the money players have had recently.

Fred, who handled the job ably for eight years and built up the string of rich winter tournaments before he was ousted by a dissident clique several years ago, has told the lads he will come back only on his own terms. He doesn't need the money, but the pros need him.

Yesterday's Stars

Batting—Faye Thronberry, Red Sox—Rookie outfielder hit bases-loaded home run in Boston's 9-2 win at Washington.

Pitching—Ken Raffensberger, Reds—Worked old magic against Chicago Cubs for five-hit, 3-0 victory.

A bases-loaded homerun by Bob Baker, Biglerville catcher, in the second inning enabled the Cannons to defeat Fairfield 7-5 at Biglerville. Fairfield scored all of its runs off Harvey Kluck in the fifth frame. Kluck gave up but three hits and fanned five.

York Springs scored in every inning to top Littletown 11-5 on the York Springs diamond. Day led the winners with three hits, including a double.

New Oxford whipped East Berlin 8-4 on the latter's field. Four run rallies in each the second and third innings when David Taughnbaugh, New Oxford right fielder, connected for homeruns in each frame, featured for the victors. Stiner and Enzor were the battery for East Berlin while Miller and Nace were the batterymen for the winners.

Sports Roundup

By GAYLE TALBOT

New York, April 18 (AP)—In case it passed unnoticed, a baseball season has just opened without the game's new commissioner, Ford C. Frick, getting his picture in the papers or even threatening to have some owner investigated by his private police force.

As his lone concession to the majesty of the occasion, Frick promised to appear at Yankee Stadium today and present Casey Stengel's champions with their class rings. After that he intends to return to his desk and continue to conduct baseball's manifold affairs. It is his naive belief that this was what the owners hired him to do.

One of the finest things television has done, perhaps, is to make it possible for untold thousands of persons who never in their lives sat at a boxing match to watch such a truly magnificent athlete as Ray Robinson in action. We honestly believe this, though some undoubtedly will vote for grand opera and others will stand up for the animated beer commercials.

Clem McCarthy, the gravel-voiced announcer whose voice must be familiar to every racing fan in the land, is to be honored with a \$15 per plate dinner at Toots Shors next Tuesday night.

Clem was the first announcer to broadcast the Kentucky Derby. That was in 1928, the year Reigh Count won in a record field of 22. After that baptism, nothing has ever fazed him. Clem says the greatest horse he ever saw was Man O'War, and his next two choices are Citation and Count Fleet.

The principal business of the Professional Golfers association meeting Monday at Detroit will be to rehire Freddie Gorcoran as public relations expert to try to stem the flow of bad publicity the money players have had recently.

Fred, who handled the job ably for eight years and built up the string of rich winter tournaments before he was ousted by a dissident clique several years ago, has told the lads he will come back only on his own terms. He doesn't need the money, but the pros need him.

Today's Talk

By GEORGE MATTHEW ADAMS
BOOK "SLEEPERS"

People who collect rare books have often heard the term a "sleeper," as applied to a neglected book—that is, one that has the merit of worth but which collectors passed by as unimportant until they—and not the book—awoke, they being the sleepers!

It was nearly fifty years before the real worth of the poems of Emily Dickinson were appreciated. Her early published books—brief little volumes—went begging, and so few of them in their first editions remain today for lovers of this unique poet and genius.

I recall when Melville's great world classic "Moby Dick" was on the shelves of many bookshops at a very modest price. The wise collector bought it and called it a "sleeper." But one day at a sale the price for it soared, and its first edition still remains high, for it was a great book, its literary influence becoming world-wide. In the copy I once purchased, and presented to Dartmouth college, I left the \$1.00 mark that it had once brought at a second-hand bookshop!

Another "sleeper" for years was Darwin's "Origin of Species," a book which created world-wide attention among scientific scholars, and which has become one of the great books of the world. Still another book was a slim little volume of poems by Robert Frost, called "A Boy's Will," published first in England for about a dollar and a half. A recent copy sold at auction for a hundred times that price!

I have many "sleepers" in my library, but I keep waking them up so as to enjoy their worth and inspiration. My one great interest in their ownership is what they feed to my mind. It isn't the books that are the so-called "sleepers," but the people who are asleep to their latent gift of literary, mental and spiritual gold! It's what a book does to us that gives it worth.

Tomorrow Mr. Adams will talk on the subject: "Human Values."

Just Folks

PREJUDICE
As our children we take care of,
Since in us they're firm believers,
There are dangers to beware of
More than accidents and fevers.

They have clean minds. None should soil them
With old hatreds' dusty litter,
Or for life forever spoil them
With men's prejudices bitter.

Children play with one another,
No dividing barriers thrown up,
Till the hates that friendship smother
Have been taught them by some grownup.

They'll be far and often gentle,
Taking brotherhood for granted,
Till the germs of sickness mental
In their eager minds are planted.

Senatour Douglas Backs Kefauver

Washington, April 18 (AP)—Senator Paul H. Douglas (D-Ill.) today threw his support behind Estes Kefauver of Tennessee as "the best available candidate of our party" for the Democratic presidential nomination.

Douglas' announcement came just 24 hours after Gov. Adlai Stevenson of Illinois declared he could not accept top place on the Democratic ticket. Douglas had been supporting Stevenson.

At a news conference, Douglas also repeated what he has said before—that he would not accept the party nomination for president. "I am in Kefauver's army," Douglas said. "I am enlisted for the duration." The Illinois senator said he believes Kefauver has a very good chance to be nominated.

STAY-PUT FLIER GIVEN 2 YEARS

Peabody, Mass., April 18 (AP)—Family members of an airman sentenced to two years for refusing to fly say they will take the case to the President, if necessary.

Goodwin's father, Roger Goodwin, president of the Peabody Times, said last night, "I expect the President to act unless some other high official rights this wrong."

OLD DOC DIES; RICH IN FRIENDS

Livermore, Miss., April 18 (AP)—Cancer of the liver is an agonizing death, but because of it Old Doc knew he was rich.

No money. He never made much money as a country doctor, though he got by.

The found that he was rich in friends, respect, gratitude. On his scales they outweighed gold.

Dr. W. L. Ervin died of cancer of the liver at his home here Wednesday at the age of 75.

And after 33 years there weren't many in this section of Sunflower county he didn't know or hadn't treated—or "birthed."

He rarely sent bills. A lot of his patients couldn't pay anyhow—unless it be in cornmeal, hams and sorghum.

Not long ago, however, when Old Doc had to go to Memphis, 140 miles north of here, for an operation to confirm his diagnosis of his own illness, word got around he was low on cash.

Money rolled in. A couple of days

Appreciation Day program to be held on Saturday evening at 8 o'clock in front of the Record shop, South Queen street.

The Junior class of the Littlestown Junior Senior high school will sponsor a public skating party on Monday evening, April 21, at Basehoar's rink, North Queen street.

Sunday School Lesson

By
Rev. Dr. Howard R. and Margaret C. Gold

JESUS AND THE LAW
Matthew 5:17-20; Mark 10:17-22
Memory Verse: The law was given through Moses; grace and truth came through Jesus Christ.
Today's lesson is the first of a series of 11 which lead us into a study of the Ten Commandments. It is also called the Decalogue. It is the basis of the moral law. The teachings of Jesus, and His interpretation. Such a review of the Law is

surely, even urgent. There are some who hold that there are no unchangeable rules of conduct. How to determine the difference between right and wrong depends on other factors than the Law given us by God. The Ten are our moral compass. Many who still believe the Law has value lay so much emphasis on the Grace of

God that the moral law is neglected in the observance. We speak of Christ and His compassion as if though He had no interest in the requirements of the Commandments.

But His attitude is unmistakable: "Think not that I have come to abolish the law and the prophets." That is what He had been accused of. Then He continues: "I have come not to abolish them but to fulfill them." Not only does Jesus endorse the Law but promises to fill it with meaning. There was need to give sense and meaning to the Commandments. Around them had grown up many regulations not all warranted by the spirit of them. One amazing modern scholar counted three thousand requirements for the

ancient and devout Hebrew! How important it was, then, for Jesus to emphasize the real meaning and actual implications of the Ten. He did not do away with any part of when the Law demanded but perfected it by dwelling on its spiritual intent. Truly "Grace and truth came through Jesus Christ." He destroyed nothing but gave the Law His sanction. And He kept it.

The Law as it came to us through Moses has divine origin, and complete approval of Christ. It has been and is essential to good order in society. In addition to its origin and its sanction by Jesus the Law has served humanity well when obeyed. At the moment our American people are aroused by corrup-

tion in our midst. One suggestion is that a moral code for officials and others be drawn up and adopted. There is merit in the thought. But one can be sure that the Ten Commandments would be the basis for such a code. An application of the Law to modern conditions in society would be necessary. The essential spirit and meaning would be the same.

That the letter of the Law may be observed and yet the spirit violated is illustrated by the man who knelt before Jesus and asked, "Good Teacher, what must I do to inherit eternal life?" The answer to Jesus's question showed the man had kept the Law from his youth. But Jesus (Please Turn to Page 8)

Imitation of a Fisherman

Tommy has borrowed Daddy's rod and reel, a can from the kitchen waste-basket, and a couple of worms from Mama's flower garden. Now Tommy's going fishing—just like Daddy and big brother Bill.

Children like to grow-up by imitation. Even though Tommy won't catch any fish, it's fun to pretend to be a real grown-up fisherman.

The counterpart of imitation is example. That is the blueprint that Daddy and Mama and big brother Bill provide for Tommy's adventure of growing-up.

But the Church has had a vital part in Tommy's growth. Before Tommy was even born, the Church was teaching his parents and his brother the Master Blueprint of Christian Living. And right now, while it's teaching Tommy the first lessons of faith, the Church is helping Daddy and Mama and big brother Bill set the best example.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JESUS AND THE LAW

Matthew 5:17-20; Mark 10:17-22
Memory Verse: The law was given through Moses; grace and truth came through Jesus Christ.

Today's lesson is the first of a series of 11 which lead us into a study of the Ten Commandments, also called the Decalogue. It is the aim to study them in relation to the teachings of Jesus, and His interpretation. Such a review of the Law is

timely, even urgent. There are some, and their number is considerable, who hold that there are no unchangeable rules of conduct. How to determine the difference between right and wrong depends on other factors than the Law given us through Moses. Custom plays a large part, they say. The Ten are outmoded commandments! Many who still believe the Law has value lay so much emphasis on the Grace of

God that the moral law is neglected in the observance. We speak of Christ and His compassion as if though He had no interest in the requirements of the Commandments.

But His attitude is unmistakable: "Think not that I have come to abolish the law and the prophets." That is what He had been accused of. Then He continues: "I have come not to abolish them but to fulfill them."

Not only does Jesus endorse the Law but promises to fill it with meaning. There was need to give sense and meaning to the Commandments. Around them had grown up many regulations not all warranted by the spirit of them. One painstaking modern scholar counted three thousand requirements for the

ancient and devout Hebrew! How important it was, then, for Jesus to emphasize the real meaning and actual implications of the Ten. He did not do away with any part of when the Law demanded but perfected it by dwelling on its spiritual intent. Truly "Grace and truth came through Jesus Christ." He destroyed nothing but gave the Law His sanction. And He kept it.

The Law as it came to us through Moses has divine origin, and complete approval of Christ. It has been and is essential to good order in society. In addition to its origin and its sanction by Jesus the Law has served humanity well when obeyed. At the moment our American people are aroused by corrup-

tion in our midst. One suggestion is that a moral code for officials and others be drawn up and adopted. There is merit in the thought. But one can be sure that the Ten Commandments would be the basis for such a code. An application of the Law to modern conditions in society would be necessary. The essential spirit and meaning would be the same.

That the letter of the Law may be observed and yet the spirit violated is illustrated by the man who knelt before Jesus and asked, "Good Teacher, what must I do to inherit eternal life?" The answer to Jesus's question showed the man had kept the Law from his youth. But Jesus (Please Turn to Page 5)

Imitation of a Fisherman

Tommy has borrowed Daddy's rod and reel, a can from the kitchen waste-basket, and a couple of worms from Mama's flower garden. Now Tommy's going fishing—just like Daddy and big brother Bill.

Children like to grow-up by imitation. Even though Tommy won't catch any fish, it's fun to pretend to be a real grown-up fisherman.

The counterpart of imitation is example. That is the blueprint that Daddy and Mama and big brother Bill provide for Tommy's adventure of growing-up.

But the Church has had a vital part in Tommy's growth. Before Tommy was even born, the Church was teaching his parents and his brother the Master Blueprint of Christian Living. And right now, while it's teaching Tommy the first lessons of faith, the Church is helping Daddy and Mama and big brother Bill set the best example.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PA. FARMERS NEED 40,000 FOR HARVESTS

Harrisburg, April 18 (AP)—Pennsylvania farmers will need some 40,000 seasonal workers to help harvest crops this year.

Of this number, about 28,000 are expected to be recruited within Pennsylvania. The remainder will have to be brought in from outside the state.

The State Employment Service said Wednesday it hopes to recruit some 6,000 of the need from out-of-state workers from southern states. The remaining 6,000 probably will be brought from Puerto Rico.

Florida will furnish the bulk of the southern workers. The employment service is already starting to interview some 200 crew leaders in Florida through facilities of the employment service of that state.

Urges Student Workers
The State Employment Service also is arranging with the U. S. Employment Service and the Puerto Rican Department of Labor to streamline the procedure for securing workers from the islands.

To supplement the out-of-state help, Keystone farmers are being urged to utilize vacationing high school students, older workers and other persons not normally in the labor market.

Meanwhile, various state agencies have been cooperating in an effort to improve working conditions and living standards for migratory farm workers in the state this year.

David M. Walker, state secretary of labor and industry, said the move is necessary to encourage the return of migrant workers to the state in future years.

The Pennsylvania Council of Churches is taking the lead in administering to the recreational and religious needs of migrant workers.

The labor supply in the state this year available for farm use is reported very tight. A movement of many farm workers to industrial jobs and the impact of the draft has aggravated the situation.

In addition to recruitment of migrant workers and rural area persons, the State Employment Service plans to seek farm help from Pennsylvania's larger cities such as Philadelphia this year.

The organized campaign behind Harriman opened last Saturday but he has not announced as a candidate. He said he would "consider it an honor" to be endorsed by the New York Democratic organization.

perceived that he was a literalist. He had observed the letter. But what about his possessions? Jesus knew his heart was set on them. He may have obtained much of them by shrewd and hard dealing.

Jesus summarized the Law as love for God and love for one's neighbor. Here was a man, of whom there are so many, who failed to keep the second requirement of the Law. His heart was in his possessions. He failed to see the need of the poor. A bit of surgery was needed. He must part with his riches and thereby show his love not only for his fellowmen but also for God. To show complete regard for the Law he must also follow his Lord. He is thereby not promised, "eternal life," which he was seeking, but he would be well on the way on inheriting it, which was his desire. The setting of the heart is the first requisite. The Ten Commandments are guide posts which point the way for righteous living. The fate of the soul is in the hands of a gracious God who had revealed Himself through a merciful Saviour.

The state Aeronautics commission said yesterday that 21 persons met death in 13 separate air accidents in the Keystone state in 1951 against 39 fatalities reported in the preceding year. STEEL DISPUTE LIKE JUGGLER WITH 3 CLUBS

By JAMES MARLOW

Washington, April 18 (AP)—Watching the steel dispute is like looking at a juggler who is keeping three Indian clubs in the air at the same time.

1. Negotiations between the steel industry and the CIO. They broke down last night, having arrived nowhere. Now the problem is to start them again.

2. Will the government, which has seized the plants, raise the workers' wages? Secretary of Commerce Sawyer said last night he's considering the problem.

3. The legal fight and the criticism poured on the President for ordering the seizure in the first place.

Gets More Involved

The first two can be watched day-by-day but the legal side gets more involved and hazy as time goes on. This will tackle the legal side.

In the past dozen years the President—Roosevelt, and then Truman—seized a number of plants or industries, probably more than 60. They acted under an emergency proclamation issued by President Roosevelt before we got into the war or under the Smith-Connally act passed by Congress in 1943.

That act gave the President power to seize a plant if he thought work-stoppage there threatened the war effort. And the Supreme

Court never ruled that the President didn't have the power to seize, under the emergency proclamation or the Smith-Connally act.

Gentle Reaction Before

But that act expired in 1947. Now we are theoretically at peace, although engaged in a big defense program.

Some of those presidential seizures in the past received sharp criticism, fierce protests. But the reaction to them was gentle compared with the outcry last week when a steel strike threatened and Truman seized the industry.

Truman didn't say he was acting under any particular law. He said he was acting under his constitutional powers as President and commander-in-chief.

His reason for the seizure: that he was acting for the national welfare because a steel strike would damage rearmament badly.

Spoke For Critics

Critics and the steel industry jumped him. They said no law, and no part of the Constitution specifically gave him power to seize private property in peacetime.

Sen. Bridges, New Hampshire Republican, spoke for a lot of Truman's critics when he raised this question: "If the President can seize the steel mills, can he also seize the cattle on American farms to provide a steady flow of meat into homes? Can he seize any and all private property for any purpose whatsoever?"

A fellow-Republican, Sen. Morse of Oregon, cracked back that Truman would have been "derelict" in his duty if he hadn't seized the mills.

Claim No Precedent

And Truman's government law-

Fairfield

Fairfield—At the Easter Sunday services held in the Fairfield Menonite church, the Rev. Helmut Dyck, pastor, the following received the rite of baptism and were given membership into the church: Mary Louise Warrenfeltz, June Singley, Glenn Singley and Robert Boyer.

Twenty members attended the regular meeting of the Auxiliary of the Fairfield joint high school band Tuesday evening in the home economics room of the high school. The president, J. Merle Kittinger, presided. Plans were made for the card party to be held Wednesday evening, April 23, at 8 o'clock in the Fairfield Community hall for the benefit of the organization. The nominating committee, composed of H. L. Harbaugh, Miss Alma Henry and Lloyd Benner, gave a report of the nominations for officials for the coming year. The results of the election were as follows: President, J. Merle Kittinger; secretary, Mrs. J. Warren Martin; treasurer, Lloyd Benner; directors, Mrs. Raymond

yers said: the critics didn't go far enough, that the Constitution-makers never intended to say the President couldn't do anything that wasn't spelled out ABC in the Constitution.

The lawyers argue that the President—by the very fact that he's President and responsible for the national welfare—has many broad powers not specifically stated in the Constitution that can be used when emergency arises.

The steel companies protested there is no precedent in American history for such a seizure of private property. The government lawyers say there's plenty.

Hare, Joseph Lowe, Mrs. William Neely, John Held and George Myers.

Mrs. Fred Johnson, Mrs. George Myers and Mrs. Clarence Wilson were appointed on the membership soliciting committee.

Mr. and Mrs. Joseph L. Newcomer and family, Bladensburg, Md., spent Sunday at the home of Mrs. Newcomer's brother-in-law and sister, Mr. and Mrs. William Neely.

Mrs. Edith Scott and sons, Samuel and Paul, and Mr. and Mrs. Joseph Scott, Jr., spent Easter with Mr. and Mrs. E. P. Eppley, York.

Easter Sunday guests at the home of Mr. and Mrs. George Neely were Mr. and Mrs. George Neely, Jr., and family, York, and Mr. and Mrs. Philip Herrmann and daughter, Nina, Hagerstown.

Easter week-end visitors at the home of Mr. and Mrs. S. L. Allison were Mr. and Mrs. Walter Leister, Hazleton, and Robert McCullough and daughters, Jane and Ann, Falls Church, Va.

Mr. and Mrs. Luther Reever have received word that their son, Pfc. Harry Reever, has arrived safely in Germany.

STEEL DISPUTE LIKE JUGGLER WITH 3 CLUBS

By JAMES MARLOW

Washington, April 18 (AP)—Watching the steel dispute is like looking at a juggler who is keeping three Indian clubs in the air at the same time.

1. Negotiations between the steel industry and the CIO. They broke down last night, having arrived nowhere. Now the problem is to start them again.

2. Will the government, which has seized the plants, raise the workers' wages? Secretary of Commerce Sawyer said last night he's considering the problem.

3. The legal fight and the criticism poured on the President for ordering the seizure in the first place.

Gets More Involved

The first two can be watched day-by-day but the legal side gets more involved and hazy as time goes on. This will tackle the legal side.

In the past dozen years the President—Roosevelt and then Truman—seized a number of plants or industries, probably more than 60.

They acted under an emergency proclamation issued by President Roosevelt before we got into the war or under the Smith-Connally act passed by Congress in 1943.

That act gave the President power to seize a plant if he thought work-stoppage there threatened the war effort. And the Supreme

Court never ruled that the President didn't have the power to seize, under the emergency proclamation or the Smith-Connally act.

Genie Reaction Before

But that act expired in 1947. Now we are theoretically at peace, although engaged in a big defense program.

Some of those presidential seizures in the past received sharp criticism, fierce protests. But the reaction to them was gentle compared with the outcry last week when a steel strike threatened and Truman seized the industry.

Truman didn't say he was acting under any particular law. He said he was acting under his constitutional powers as President and commander-in-chief.

His reason for the seizure: that he was acting for the national welfare because a steel strike would damage rearmament badly.

Spoke For Critics

Critics and the steel industry jumped him. They said no law, and no part of the Constitution specifically gave him power to seize private property in peacetime.

Sen. Bridges, New Hampshire Republican, spoke for a lot of Truman's critics when he raised this question: "If the President can seize the steel mills, can he also seize the cattle on American farms to provide a steady flow of meat into homes? Can he seize any and all private property for any purpose whatsoever?"

A fellow-Republican, Sen. Morse of Oregon, cracked back that Truman would have been "derelict" in his duty if he hadn't seized the mills.

Claim No Precedent

And Truman's government law-

WOMAN'S CLUB REACHES GOAL FOR UNIFORMS

The goal set by the Woman's Community club of Littlestown and vicinity, in the fall of 1950, during the administration of Mrs. Leonard L. Potter, has been reached, according to a report given by Mrs. Potter at the April meeting of the club on Wednesday evening in the P. O. S. of A. hall. The fund for the purchase of new uniforms for the Littlestown high school band was started then. Mrs. Potter told the club members on Wednesday that a sample uniform had been submitted to and approved by the committee, recently, of blue and gold had been submitted to and approved by the committee, recently. The price of each uniform is \$61, and for the seventy uniforms ordered, for which delivery is guaranteed by May 2, in time for the annual band concert on May 9, the purchase price will be \$4,270. All but \$3 of this amount is in the treasury.

Following the report, it was immediately decided to have a plate collection to raise the few dollars needed, with the result that \$15 was collected, leaving a small balance for incidental expenses. Although the club sponsored the Uniform fund, the assistance of the organizations of the community was solicited and for the cooperation received. Mrs. Marvin Breighner, president, extended "sincere thanks." Mrs. Paul E. Altoff was appointed to compose a letter of thanks to be sent to all who donated to the fund.

Vote \$100 For Baseball

Upon recommendation of the executive board, the club voted a contribution of \$100 toward the organization of Little League baseball in the community, the money to be made up through the sale of a bond. The club also voted to go on record as favoring the continuance of the supervised recreational program for the summer, which has been held for the past several years, and which there has been some action taken to eliminate this year.

Mrs. Robert H. Miller, chairman of the Youth Conservation committee, suggested that this committee be responsible for the preparation for a tea or social for club members, with the girls of the 1952 graduating class as invited guests. The club voted approval of the suggestion and the time and type of event to be held will be decided by the committee which also includes Mrs. Beaven Hanlon, Mrs. Charles Rabensline, Mrs. Robert Eckenrode, Mrs. Richard A. Matland, Mrs. Howard Myers, Mrs. Carroll E. Arter, Mrs. Donald C.

Feaser and Mrs. John D. Basehoar. The meeting on Wednesday evening opened with the group singing of "America the Beautiful," with Miss Louise Duttera as pianist and Mrs. Maurice Rider as song leader; the salute to the flag and the reading of the club collect. Reports were presented by Mrs. Edward H. Leister, secretary, and Mrs. Harry T. Harner, treasurer. Visitors present were introduced to their hostesses.

\$10 For Cancer Drive

Mrs. Edward T. Richardson, Sr., chairman of the finance committee, reported that \$85.25 had been realized from the recent food sale, in charge of her committee, which is composed of Mrs. Emory Gitt, Mrs. George DeHoff, Mrs. James Dutterer, Mrs. Claude White, Mrs. Roy Renner and Mrs. Harry T. Harner. A contribution of \$10 was voted to the cancer drive. Individual donations may be sent to Mrs. Carl H. Baumgardner, a member of the club, who reported that pamphlets concerning cancer will be distributed as half the drive is for the purpose of educating the public with regard to this dread disease. A contribution of \$10 was also voted to the Adams County Child Welfare group, to be used for supplementary gifts, over and above the necessities for daily living.

It was announced that the club will be the hostess group for the annual spring meeting of the Adams County Federation of Women's clubs, to be held next Thursday evening in the social hall of Redeemer's Evangelical and Reformed church, when a baked ham supper will be served. The guest speaker will be Mrs. S. J. McCartney, state program chairman and vice president elect. Reservations for the dinner meeting will be accepted until Saturday of this week and may be made with Mrs. Charles W. Weikert, Mrs. Marvin Breighner or Mrs. Wilbur A. Bankert.

Plan Bus Trip

The annual bus trip for club members were discussed and those present were given an opportunity to name the place they would like to go and the date. The suggestions will be given to the Civic Service committee and the final decision as to time and place made by them. The committee is composed of Mrs. J. Donald Lemmon, acting chairman, Mrs. Hamilton C. Walker, Mrs. Holman L. Sell, Mrs. John J. Way, Mrs. Carrie Strine, Mrs. Ralph A. Staley, Mrs. Melvin Miller and Mrs. Leroy W. Bish, who is chairman, but is at present unable to assume the duties because of illness.

The following committee was appointed to prepare a slate of officers for presentation at the May meeting: Mrs. Clayton L. Evans, chairman; Mrs. John LeGore, Mrs. Joseph R. Riden, Miss Malva Duttera and Mrs. H. Dean Stover.

Need Library Quarters

Mrs. Cloy L. Crouse, custodian of the local branch of the Adams County Free library announced that all of the state and county books in the local branch are being returned

until such time as a suitable place for the library, can be secured. There is a sufficient number of books which have been given by local donors, in the library to accommodate the adult patrons but books for children from the ages of 6 to 14 are needed. This age group has the largest number of patrons and the least number of books. Anyone having books suitable for children this age is invited to contact Mrs. Crouse, who will make arrangements to receive them at the library. The local branch is open each Monday evening and volunteer assistants are also solicited from the citizenry.

Miss M. Pauline Dutterer, a graduate and teacher at the Maryland Institute of Arts, who also attended Johns Hopkins university and studied under Mary Atwater, Ontario, Canada, and who maintains her own studio in Baltimore, spoke to the group on "Practical Weaving Today." Miss Dutterer is a sister of club member Mrs. Carol E. Arter, and she told her audience that weaving goes back as far as history can be traced. During the power loom era, the weaving was taken out of the home and only in the last 25 years has it been revived, first as "just something to do," then as physical therapy, and more recently it has developed from the hobby stage into a profession of weaving and designing combined. Miss Dutterer had on display a number of designs

which she created, in various fabrics and she explained the uses of some of them. She also demonstrated weaving on a small loom, and answered questions of the members. Mrs. Hamilton C. Walker, acting chairman of the program committee, introduced Miss Dutterer and also Miss Jean Blocher, who played a piano solo, "Concerto in A Minor," and who was accompanist for Miss Darla Lemmon who sang two vocal selections, "A Prayer Perfect" and "Come Down to Que in Lalac Time."

To Hear Dr. Wasilfsky

Other members of the program committee, in addition to the chairman, Mrs. Leroy W. Bish, who was unable to be present, were Mrs. John J. Way, Mrs. Carrie Strine, Mrs. Ralph A. Staley, Mrs. Holman L. Sell, Mrs. J. Donald Lemmon and Mrs. Melvin Miller. The hostess committee, composed of Mrs. Cloy L. Crouse, chairman; Mrs. Edward H. Brown, Miss Malva Duttera, Mrs. Nevaeh Crouse, Mrs. Stanley Horner and Mrs. George Mayers, served refreshments to the approximately 70 members in attendance.

Dr. A. M. Wasilfsky, head of the department of humanities at St. Joseph college, Emmitsburg, will be the guest speaker at the next meeting of the club on Wednesday, May 21, and his subject will be "A Traveler's Tale." The program committee for May includes Mrs. Paul E. Altoff, chairman; Mrs. J. Ray Rein-

dollars, Mrs. James H. Spalding, Mrs. J. Harvey Pettyjohn, Mrs. Harry M. Badders, Mrs. George O. Bemiller, Mrs. Ralph I. Unger. The hostess committee is composed of Mrs. Maurice Rider, chairman; Miss Louise Duttera, Mrs. William Wilt, Mrs. Luther W. Ritter, Mrs. H. Dean Stover, Mrs. Paul A. Bowman and Mrs. Donald Sheely.

King street. A report was presented concerning the public party held recently by the auxiliary. The guess package was contributed by Mrs. Mildred Sentz and was received by Mrs. Catherine Simpson. The meeting will be held Wednesday, May 7, 8 p.m., at the Eagles home.

REGULATIONS TIGHTENED

Damascus, Syria (AP) — A new legislative decree has been issued closely restricting the operations of foreign and private schools in Syria. The law prohibits the founding of new foreign private schools in Syria. The opening of new missionary schools is prohibited. Private and foreign schools also are prohibited from accepting subsidies

or assistance from any foreign international source without written permission from the Ministry of Public Instruction.

Washington, April 18 (AP) — Air force leaders have testified that for the first time in history they are having difficulty getting enough top quality officers and men to man the nation's combat aircraft. Appearing before a Senate armed services subcommittee, Secretary of the Air Force Finletter pleaded against any "hasty action" on congressional moves to cut or eliminate the extra pay now allowed for flying crews.

WOMAN'S CLUB REACHES GOAL FOR UNIFORMS

The goal set by the Woman's Community club of Littlestown and vicinity, in the fall of 1950, during the administration of Mrs. Leonard L. Potter, has been reached, according to a report given by Mrs. Potter at the April meeting of the club on Wednesday evening in the P. O. S. of A. hall. The fund for the purchase of new uniforms for the Littlestown high school band was started then. Mrs. Potter told the club members on Wednesday that a sample uniform had been submitted to and approved by the committee, recently, of blue and gold had been submitted to and approved by the committee, recently. The price of each uniform is \$61, and for the seventy uniforms ordered, for which delivery is guaranteed by May 2, in time for the annual band concert on May 9, the purchase price will be \$4,270. All but \$3 of this amount is in the treasury.

Following the report, it was immediately decided to have a plate collection to raise the few dollars needed, with the result that \$15 was collected, leaving a small balance for incidental expenses. Although the club sponsored the Uniform fund, the assistance of the organizations of the community was solicited and for the cooperation received, Mrs. Marvin Breighner, president, extended "sincere thanks." Mrs. Paul E. Altoff was appointed to compose a letter of thanks to be sent to all who donated to the fund.

Vote \$100 For Baseball

Upon recommendation of the executive board, the club voted a contribution of \$100 toward the organization of Little League baseball in the community, the money to be made up through the sale of a bond. The club also voted to go on record as favoring the continuance of the supervised recreational program for the summer, which has been held for the past several years, and which there has been some action taken to eliminate this year.

Mrs. Robert H. Miller, chairman of the Youth Conservation committee, suggested that this committee be responsible for the preparation for a tea or social for club members, with the girls of the 1952 graduating class as invited guests. The club voted approval of the suggestion and the time and type of event to be held will be decided by the committee which also includes Mrs. Beaven Hanlon, Mrs. Charles Rabenstein, Mrs. Robert Eckenrode, Mrs. Richard A. Maitland, Mrs. Howard Myers, Mrs. Carroll E. Arter, Mrs. Donald C.

Feiser and Mrs. John D. Basehoar. The meeting on Wednesday evening opened with the group singing of "America the Beautiful," with Miss Louise Duttera as pianist and Mrs. Maurice Rider as song leader; the salute to the flag and the reading of the club collect. Reports were presented by Mrs. Edward H. Leister, secretary, and Mrs. Harry T. Harner, treasurer. Visitors present were introduced by their hostesses.

\$10 For Cancer Drive

Mrs. Edward T. Richardson, Sr., chairman of the finance committee, reported that \$85.25 had been realized from the recent food sale, in charge of her committee, which is composed of Mrs. Emory Gilt, Mrs. George DeHoff, Mrs. James Dutterer, Mrs. Claude White, Mrs. Roy Renner and Mrs. Harry T. Harner. A contribution of \$10 was voted to the cancer drive. Individual donations may be sent to Mrs. Carl H. Baumgardner, a member of the club, who reported that pamphlets concerning cancer will be distributed as half the drive is for the purpose of educating the public with regard to this dread disease. A contribution of \$10 was also voted to the Adams County Child Welfare group, to be used for supplementary gifts, over and above the necessities for daily living.

It was announced that the club will be the hostess group for the annual spring meeting of the Adams County Federation of Women's clubs, to be held next Thursday evening in the social hall of Redeemer's Evangelical and Reformed church, when a baked ham supper will be served. The guest speaker will be Mrs. S. J. McCartney, state program chairman and vice president elect. Reservations for the dinner meeting will be accepted until Saturday of this week and may be made with Mrs. Charles W. Weikert, Mrs. Marvin Breighner or Mrs. Wilbur A. Bankert.

Plan Bus Trip

The annual bus trip for club members were discussed and those present were given an opportunity to name the place they would like to go and the date. The suggestions will be given to the Civic Service committee and the final decision as to time and place made by them. The committee is composed of Mrs. J. Donald Lemmon, acting chairman, Mrs. Hamilton C. Walker, Mrs. Holman L. Sell, Mrs. John J. Way, Mrs. Carrie Strine, Mrs. Ralph A. Staley, Mrs. Melvin Miller and Mrs. Leroy W. Bish, who is chairman, but is at present unable to assume the duties because of illness.

The following committee was appointed to prepare a slate of officers for presentation at the May meeting: Mrs. Clayton L. Evans, chairman; Mrs. John LeGore, Mrs. Joseph R. Riden, Miss Malva Duttera and Mrs. H. Dean Stover.

Need Library Quarters

Mrs. Cloy L. Crouse, custodian of the local branch of the Adams County Free library announced that all of the state and county books in the local branch are being returned

until such time as a suitable place for the library can be secured. There is a sufficient number of books which have been given by local donors, in the library to accommodate the adult patrons but books for children from the ages of 6 to 14 are needed. This age group has the largest number of patrons and the largest number of books. Anyone having books suitable for children this age is invited to contact Mrs. Crouse, who will make arrangements to receive them at the library. The local branch is open each Monday evening and volunteer assistants are also solicited from the citizenry.

Miss M. Pauline Dutterer, a graduate and teacher at the Maryland Institute of Arts, who also attended Johns Hopkins university and studied under Mary Atwater, Ontario, Canada, and who maintains her own studio in Baltimore, spoke to the group on "Practical Weaving Today." Miss Dutterer is a sister of club member Mrs. Carol E. Arter, and she told her audience that weaving goes back as far as history can be traced. During the power loom era, the weaving was taken out of the home and only in the last 25 years has it been revived, first as "just something to do," then as physical therapy, and more recently it has developed from the hobby stage into a profession of weaving and designing combined. Miss Dutterer had on display a number of designs

which she created, in various fabrics and she explained the uses of some of them. She also demonstrated weaving on a small loom, and answered questions of the members. Mrs. Hamilton C. Walker, acting chairman of the program committee, introduced Miss Dutterer and also Miss Jean Blocher, who played a piano solo, "Concerto in A Minor," and who was accompanist for Miss Darla Lemmon who sang two vocal selections, "A Prayer Perfect" and "Come Down to Que in Lilac Time."

To Hear Dr. Wasilfsky

Other members of the program committee, in addition to the chairman, Mrs. Leroy W. Bish, who was unable to be present, were Mrs. John J. Way, Mrs. Carrie Strine, Mrs. Ralph A. Staley, Mrs. Holman L. Sell, Mrs. J. Donald Lemmon and Mrs. Melvin Miller. The hostess committee, composed of Mrs. Cloy L. Crouse, chairman; Mrs. Edward H. Brown, Miss Malva Duttera, Mrs. Nevaeh Crouse, Mrs. Stanley Horner and Mrs. George Mayers, served refreshments to the approximately 70 members in attendance.

Dr. A. M. Wasilfsky, head of the department of humanities at St. Joseph college, Emmitsburg, will be the guest speaker at the next meeting of the club on Wednesday, May 21, and his subject will be "A Traveler's Tale." The program committee for May includes Mrs. Paul E. Altoff, chairman; Mrs. J. Ray Rein-

dollars, Mrs. James H. Spalding, Mrs. J. Harvey Pettyjohn, Mrs. Harry M. Badders, Mrs. George O. Bemiller, Mrs. Ralph I. Unger. The hostess committee is composed of Mrs. Maurice Rider, chairman; Miss Louise Duttera, Mrs. William Wilt, Mrs. Luther W. Ritter, Mrs. H. Dean Stover, Mrs. Paul A. Bowman and Mrs. Donald Sheely.

King street. A report was presented concerning the public party held recently by the auxiliary. The guest package was contributed by Mrs. Mildred Sentz and was received by Mrs. Catherine Simpson. The meeting will be held Wednesday, May 7, 8 p.m., at the Eagles home.

SCOUTS GATHER PAPER

The Littlestown Cub Scouts will conduct a paper drive on Saturday morning. The scouts plan to canvass the community for papers.

LADIES' AID MEETS

will hold its monthly meeting on Saturday evening at 7:30 o'clock in the church social hall. The April committee on arrangements is composed of Mrs. Norman Miller, Mrs. Ray Heiser and Mrs. Lewis Kirkhoff.

REGULATIONS TIGHTENED

Damascus, Syria (AP) — A new legislative decree has been issued closely restricting the operations of foreign and private schools in Syria. The law prohibits the founding of new foreign private schools in Syria. The opening of new missionary schools is prohibited. Private and foreign schools also are prohibited from accepting subsidies

or assistance from any foreign or international source without written permission from the Ministry of Public Instruction.

Washington, April 18 (AP) — Air force leaders have testified that for the first time in history they are having difficulty getting enough top quality officers and men to man the nation's combat aircraft. Appearing before a Senate armed services subcommittee, Secretary of the Air Force Finletter pleaded against any "hasty action" on congressional moves to cut or eliminate the extra pay now allowed for flying crews.

It makes you comfortable all over

BUICK engineers have a habit of getting at the bottom of things. So they're not content to stop with putting beneath you cushions that are luxuriously soft and deep.

They also put big, soft, deep coil springs between you and all four wheels—and big, soft tires between the wheels and the road.

But real riding comfort calls for more than cushioning up-and-down jolts and jars.

There's end-sway and side-roll and "wander" to be controlled. There's

sure-footed balance on curves. Not to mention the importance of having a frame stout and husky enough to make the whole car feel safely solid.

So Buick engineers have gone through the list—come up with a ride that cost a cool million dollars and more for special engineering, tooling and components.

Does that cover Buick's comfort story? It certainly does not.

There's the comfort of driving a car that instinctively holds the road—

the comfort of ample room and a wide-open view of the world around you—the comfort of fabric colors that please the eye and fabric textures that please the touch—and the effortless smoothness of Dynaflo Drive.*

Then there's the mental comfort of bossing power mighty enough to meet any demand you make upon it in emergency—8-cylinder power—high-compression power—valve-in-head power—Fireball power, that makes you proud of the miles you get from a gallon of gas.

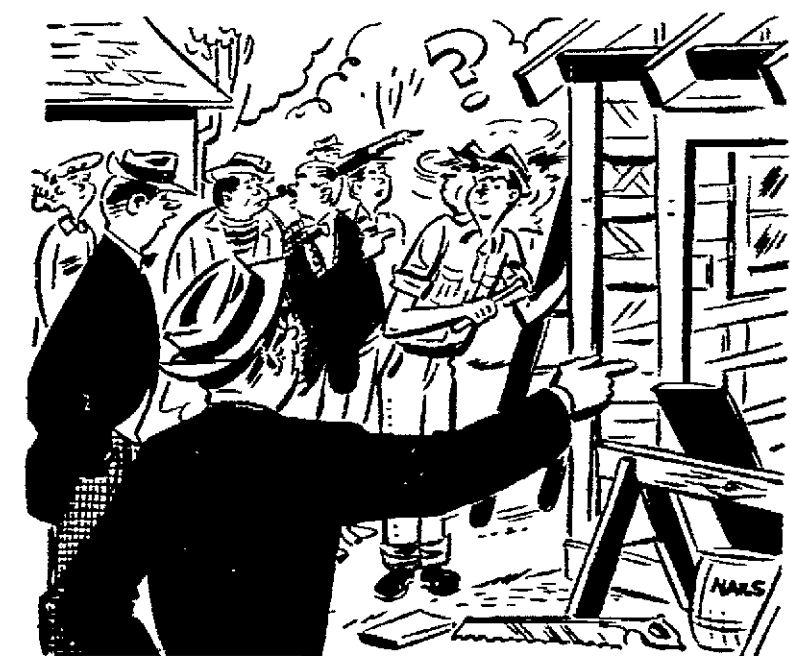

And maybe you'll also find comfort in knowing that this great automobile can be yours at a price that is still just a small step above what's known as "the low-priced three."

On top of all this, driving a Buick's a barrel of fun. Why not drop in tomorrow and ask us to prove it?

Equipment, accessories, trim and models are subject to change without notice. Wheel Covers standard on ROADMASTER, optional at extra cost on other Series. White sidewalls optional at extra cost when available. *Standard on ROADMASTER, optional at extra cost on other Series.

It makes you comfortable all over

BUICK engineers have a habit of getting at the bottom of things. So they're not content to stop with putting beneath you cushions that are luxuriously soft and deep.

They also put big, soft, deep coil springs between you and all four wheels—and big, soft tires between the wheels and the road.

But real riding comfort calls for more than cushioning up-and-down jolts and jars.

There's end-sway and side-roll and "wander" to be controlled. There's

sure-footed balance on curves. Not to mention the importance of having a frame stout and husky enough to make the whole car feel safely solid.

So Buick engineers have gone through the list—come up with a ride that cost a cool million dollars and more for special engineering, tooling and components.

Does that cover Buick's comfort story? It certainly does not.

There's the comfort of driving a car that instinctively holds the road—

the comfort of ample room and a wide-open view of the world around you—the comfort of fabric colors that please the eye and fabric textures that please the touch—and the effortless smoothness of Dynaflo Drive.*

Then there's the mental comfort of bossing power mighty enough to meet any demand you make upon it in emergency—8-cylinder power—high-compression power—valve-in-head power—Fireball power, that makes you proud of the miles you get from a gallon of gas.

And maybe you'll also find comfort in knowing that this great automobile can be yours at a price that is still just a small step above what's known as "the low-priced three."

On top of all this, driving a Buick's a barrel of fun. Why not drop in tomorrow and ask us to prove it?

FLOODS KEEP EGG PRICES UP

(By The Associated Press)

Butter and lamb prices moved a little higher in the majority of retail food stores this week. But most spring vegetables were cheaper and many stores were reported planning to mark down prices of popular beef cuts and frying chickens as week-end specials.

Food men said the widespread floods in the midwest so far had not disrupted the normal distribution pattern of supplies outside the flood zone, except possibly to stimulate some precautionary buying of eggs.

They said an anticipated decline in egg prices after Easter had been nipped in the bud by this psychological effect of the floods, plus an announcement that the government will offer to buy a substantial amount of eggs for the school lunch program. Small rises in egg prices were reported in scattered sections.

Some brands of margarine and shortening were reduced 1 cent a pound by manufacturers as raw materials costs continued to decline. Many retailers adjusted their prices immediately. Some salad and cooking oils eased 2 cents a pint.

DAR Will Complete Bell Tower Project

Washington, April 18 (AP)—The Daughters of the American Revolution have decided to complete their memorial bell tower at the Valley Forge (Pa.) park.

A vote on the issue of continuation was taken Wednesday because rising costs have raised the possibility construction might have to be halted.

Approximately \$281,000 has been raised for the partially completed tower with \$72,000 more needed. The tower will house a national carillon of 49 bells in memory of soldiers who fought in the American Revolution and two World Wars.

Washington, April 18 (AP)—Secretary of State Acheson said Wednesday Moscow is trying to obtain strategic military items in its current offers to buy luxury goods from the west. The offers followed the conclusion of the Soviet-sponsored World Economic Conference at Moscow.

STUDENTS STAGE THIRD WALKOUT

Penns Grove, N. J., April 18 (AP)—Protests against the suspension of a science teacher have resulted in three student walkouts within nine days at the Penns Grove regional high school.

A group representing more than half of the school's 729 enrollment left classes again Wednesday afternoon and marched around the school area carrying signs registering their displeasure.

The protest is against the suspension of Warren (Curly) Ogden, popular faculty member here 17 years, a former major league pitcher. Ogden was asked for his resignation Monday night by the township school board which compiled a list of 13 charges against the teacher after a hearing on his case.

The charges accuse Ogden of inefficiency, incapacity, insubordination, lack of co-operation and conduct unbecoming a teacher. Principal of the high school which serves Penns Grove and Upper Penns Neck is Howard D. Brooks; the supervising principal is Allan Tomlinson. Both are relative newcomers to the school and both have led the move to seek Ogden's resignation.

Ogden has claimed the movement was inaugurated by Brooks and Tomlinson because they do not want any teachers with ideas different than their own. Ogden said he will fight to retain his job under the state's Teacher's Tenure Act.

Defer Decision On Increase In Relief

Harrisburg, April 18 (AP)—Action on a proposal to increase relief allowances to some 237,000 persons in Pennsylvania has been postponed by the state Public Assistance Board until next month.

Mrs. Eleanor G. Evans, public assistance secretary, said that at a board meeting Tuesday members agreed with the department that costs are greater than present allowances but said that more study is needed.

At the same time, Deputy Secretary Robert P. Wray said the department is extending a drive into numerous counties to force deserting husbands and fathers to pay license plate—for the rear—this year with a view to saving precious metal and money.

New York, April 18 (AP)—A bank that lends money free and has never turned away an applicant for a loan, is celebrating its 60th birthday—with a loss record of less than 1/4 of one percent.

The 725,000 persons to whom it has loaned money include the ill, the unemployed, students, former convicts, bankrupts and refugees. They were asked only for name, address and occupation.

FOR A REAL MONEY-MAKING OPPORTUNITY

Farmers who know the difference in results prefer to have their corn shelled by an MM Sheller, because MM Shellers do a fast, clean job of shelling without breaking up the cobs or cracking the kernels. That is just one good reason for choosing an MM Sheller for custom shelling. MM Shellers give you bigger capacity in husked or snapped corn, save you time in getting ready for shelling because there are fewer adjustments to make, and unnecessary gears, chains and sprockets have been eliminated, and being lighter running, save you money in lower fuel costs and longer shelling life. One-piece cylinder and all high-carbon steel cylinder cage provide a positive shelling action. Large two-wing-type suction fan carries away all dust and dirt from the entire sheller. Restrictions On New Front Auto Plates

Harrisburg, April 18 (AP)—The state Revenue Department has some definite ideas about what should not be placed in that space left on the front of your car by the absence this year of a license plate.

Revenue Secretary Otto F. Mesner issued a statement Tuesday that said in effect you can't use anything which "closely resembles or can be mistaken for an official license tag."

"The chief things to be avoided," Mesner said, "are obscenity or vulgarity, any plate which has expired, or anything which is reflectorized." Mesner's statement was prompted by confusion caused by motorists using so-called "novelty plates" on the front of their cars. The commonwealth is issuing only one

POLITICAL ADVERTISING

Gettysburg, Pa. April 17, 1952

Dear Daughter and Family:

Received your most welcome letter. It really is surprising how fast time goes by.

I knew you and Jim would feel bad that you will not be able to vote for H. Earl Pitzer this time. But as you are now living out of the county, it is impossible. But all your friends are going to vote for him.

The Representative For General Assembly is elected every two years, and I can truthfully tell you we had the best representation in Harrisburg this time than we had in many, many years.

I had the privilege of traveling all over this great Commonwealth of ours this past year, and I must say Adams County is well advertised through our Assemblyman. Everywhere I went, the people remarked, "You people in Adams County really have a wide-awake representative."

I am certainly glad to hear those three little tots of yours are doing so well. After all, the children of today will be the America of Tomorrow; and as long as we have men who are 100% Americans and who will take the loyalty oath like our friend, Mr. Pitzer, we need have no fear. The things your husband and millions of other young men and women fought for, and are fighting for today, can never be taken away by and nation.

This will be your brother's first time to vote, and when I asked him how he was going to register, he replied, "For Mr. Pitzer," and away he went to the court house.

I am glad to hear you and Jim are going to his Army reunion again this year. It's a wonderful thing to live in a country like ours, where young couples, just like yourselves, can buy a home and raise wonderful families. It will always be that way as long as our good American people get out and vote on election days.

So, honey, I will close for this time. Wishing for you and your family all the blessings in the world.

So, until next week when I will write and tell you about the election, I leave you with this—"All The World Loves A Fat Man," and like your brother, I, too, will be voting on Tuesday for H. Earl Pitzer.

Sincerely,
Daddy

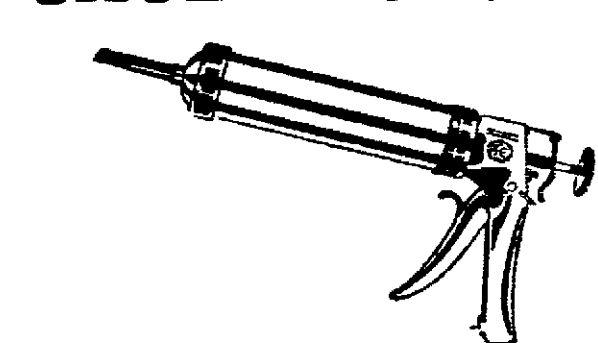

This political advertisement is authorized and paid for by an Adams county resident who is interested in the re-election of H. Earl Pitzer. It is published in his behalf without his knowledge or consent.

Loaned Money Free 60 Years; Low Loss

New York, April 18 (AP)—A bank that lends money free and has never turned away an applicant for a loan, is celebrating its 60th birthday—with a loss record of less than 1/4 of one percent.

The Hebrew Free Loan society on New York's Lower East Side lends up to \$500 for six months to anyone who can get endorsements from two reputable business men.

It has loaned 40 million dollars in its 60 years, paying operating expenses from private contributions. Many of these come from former borrowers.

The 725,000 persons to whom it has loaned money include the ill, the unemployed, students, former convicts, bankrupts and refugees. They were asked only for name, address and occupation.

Restrictions On New Front Auto Plates

Harrisburg, April 18 (AP)—The state Revenue Department has some definite ideas about what should not be placed in that space left on the front of your car by the absence this year of a license plate.

Revenue Secretary Otto F. Messner issued a statement Tuesday that said in effect you can't use anything which "closely resembles or can be mistaken for an official license tag."

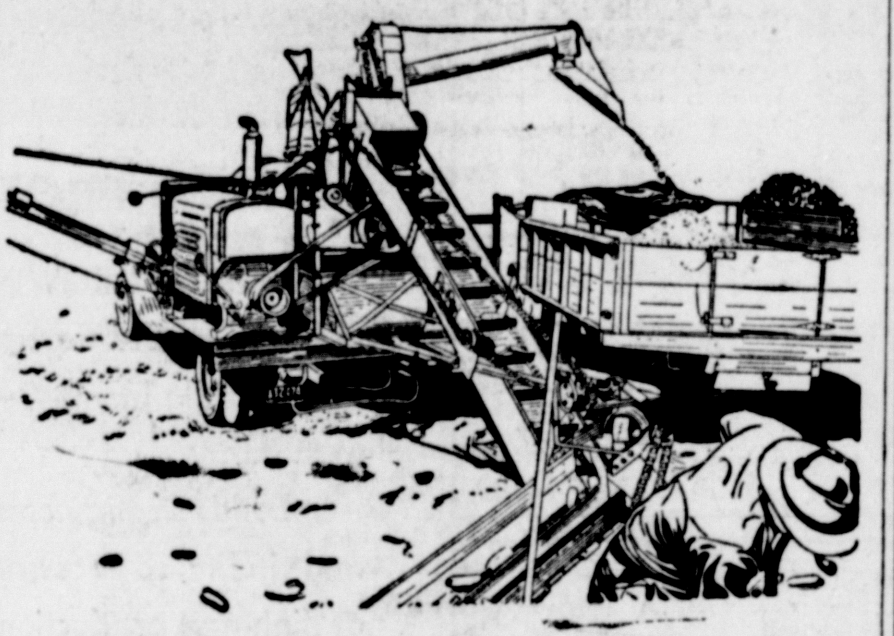

"The chief things to be avoided," Messner said, "are obscenity or vulgarity, any plate which has expired, or anything which is reflectorized." Messner's statement was prompted by confusion caused by motorists using so-called "novelty plates" on the front of their cars. The commonwealth is issuing only one

FOR A REAL MONEY-MAKING OPPORTUNITY

Farmers who know the difference in results prefer to have their corn shelled by an MM Sheller, because MM Shellers do a fast, clean job of shelling without breaking up the cobs or cracking the kernels. That is just one good reason for choosing an MM Sheller for custom shelling. MM Shellers give you bigger capacity in husked or snapped corn, save you time in getting ready for shelling because there are fewer adjustments to make, and unnecessary gears, chains and sprockets have been eliminated, and being lighter running, save you money in lower fuel costs and longer shelling life. One-piece cylinder and all high-carbon steel cylinder cage provide a positive shelling action. Large two-wing-type suction fan carries away all dust and dirt from the entire sheller. See us now for complete facts on sizes and models available.

Dear Daughter and Family:

Received your most welcome letter. It really is surprising how fast time goes by.

I knew you and Jim would feel bad that you will not be able to vote for H. Earl Pitzer this time. But as you are now living out of the county, it is impossible. But all your friends are going to vote for him.

The Representative For General Assembly is elected every two years, and I can truthfully tell you we had the best representation in Harrisburg this time than we had in many, many years.

I had the privilege of traveling all over this great Commonwealth of ours this past year, and I must say Adams County is well advertised through our Assemblyman. Everywhere I went, the people remarked, "You people in Adams County really have a wide-awake representative."

I am certainly glad to hear those three little tots of yours are doing so well. After all, the children of today will be the America of Tomorrow; and as long as we have men who are 100% Americans and who will take the loyalty oath like our friend, Mr. Pitzer, we need have no fear. The things your husband and millions of other young men and women fought for, and are fighting for today, can never be taken away by and nation.

This will be your brother's first time to vote, and when I asked him how he was going to register, he replied, "For Mr. Pitzer," and away he went to the court house.

I am glad to hear you and Jim are going to his Army reunion again this year. It's a wonderful thing to live in a country like ours, where young couples, just like yourselves, can buy a home and raise wonderful families. It will always be that way as long as our good American people get out and vote on election days.

So, honey, I will close for this time. Wishing for you and your family all the blessings in the world.

So, until next week when I will write and tell you about the election, I leave you with this—"All The World Loves A Fat Man," and like your brother, I, too, will be voting on Tuesday for H. Earl Pitzer.

Sincerely,
Daddy
